Tradition?

WHAT IS TRADITION?

"What is Tradition?" Is it having the same number jersey for football every year? Is it having the same teacher every member of your family has had? Is it meeting your friends in the same spot every morning? Is it sitting at the same lunch table everyday? Is it knowing that each day will be the same, yet very different? How do you define PV traditions?

Passaic Valley will always be a major part of our lives. The traditions that we have kept here will be in our hearts forever. We have followed PV traditions together and started new ones which set us apart from every other class. As the graduates of the class of 2007, we ask you, "What is Tradition?"

This Book Is Dedicated to
FRANK REASER

Since 1965 Mr. Frank Reaser has not only been a teacher, but a mentor for the students who have passed through the halls of Passaic Valley. Mr. Reaser began his first years in Passaic Valley as a Physical Education teacher. He is now leaving the school as one of the most adored science teachers. Mr. Reaser is a very motivated and caring person. As our departing gift to you, Mr. Reaser, we would like to dedicate the 2007 yearbook. Your presence here will be missed.

2007 Class Advisors

**Ms.
Jaclyn
Camb**

**Ms.
Kristen
Casale**

To the Class of 2007,

In September 2003, as Freshman, the Class of 2007 broke records. Your class was the largest class Passaic Valley had seen in years, close to 345 freshman. Everyone was awaiting your arrival. Would you be a good class? Would you be a great class?

We all entered the halls that year a little unsure of what the next four years would bring. You overcame that initial anxiety and fear by coming together from different towns and different backgrounds to form one unified class. Together, you made memories; together you created bonds; and together you will leave Passaic Valley as the Class of 2007.

It's amazing how fast four years have gone by. We've enjoyed serving as your class advisors and teachers. We've watched you grow and become the fine you individuals that you are today. We know whichever path you choose to take after you leave Passaic Valley, you will look back at your years here and smile. Whether it be the friendships you made, or the fond memories that you have, remember that Passaic Valley has somehow molded you into the person you are today.

In the end, we are proud to say that your class turned out to be a *great* one. The Class of 2007 will always be a special one to us, the first class we advised. We wish you good health, happiness, love, and success in your future! Best of luck!

Sincerely,
Ms. Camb and Ms. Casale

The coaching staff has built a girls tennis program with young women who understood that getting a quality education had to be their first goal, followed by developing a team that could compete with pride for their school and in themselves. The girls achieved their Teams goals, but much more importantly they've built confidence, strengths and skills that will serve them throughout their lives. And that makes me the proudest girls' tennis coach in the Northern Hills Conference.

Thank you, Team. - Mr. Ottino

Baseball

The 2007 baseball season is filled with high expectations. With a host of returning lettermen and a total of ten seniors the Hornets should be one of the top teams in the area. Jesse Santo and Ray Puluse, two all state players from last season, return to once again lead the Hornets potent offense. Last year the Hornets hit 29 home runs and with most of last year's team returning those numbers should only improve. Pitching should be strong as well for the Hornets. All the members of this year's rotation have varsity experience and they have been working extremely hard all off season. Along with the goals of county and state championships the Hornets are trying to get Coach Mazzo his 200th career win. The season opens with rival DePaul and shouldn't finish until the Hornets can add a title to the baseball banner.

BOARD OF EDUCATION

The Passaic Valley Board of Education with members of the Student Senate - standing l-r: Mr. Joseph Puglisi, Mr. Robert DeBlock, Mr. Ray Reddin Jr, Vice President Mr. Joesph Appio, Dr. Viktor Joganow, President Mr. Carlo Spinella, Mr. William Depsee, Mr. Paul Gerber, Mr. Eugene Ridgeway, Richard Greco; seated l-r: Mrs. Laura Van Winkle, Mrs. Joanne Giandoso, Maria Burghardt, Courtney Charatsaris, Young Jin Park.

Dr. Viktor Joganow
Superintendent

Mr. John Wallace
Principal

Dear Members of the *Class of 2007*:

Mr. Charles E.A. Walton, then the President of the Regional Board of Education and the educational and inspirational architect behind the construction of Passaic Valley High School in 1940 (Walton Field is named after this man) said, *"No community has ever been proud of its cheap school buildings ... a school building needs to be well built, of the best materials, should be well planned to meet the needs of a modern school system and be attractive inside and out for all to stand out as an indication of intelligence, refinement and progressiveness of the community in which it is located."*

Since opening its doors over sixty years ago, Passaic Valley Regional High School has been committed to providing its students with the very best in instructional and co-curricular materials in an effort to prepare those students for life beyond its halls. Even as our rapidly changing society is influenced by many factors including, technological innovations, creative marketing strategies through the mass media, national political trends, and the globalization of our economy, the district has maintained its obligation to prepare its students for the future.

Members of the *Class of 2007*, we trust that you have taken full advantage of all the opportunities made available to you during your tenure at PV and we wish you great success in all of your future endeavors. *Congratulations!*

Remember the Pride in the "Green and White!"

Respectfully,

Viktor J. Joganow, Ed.D.

RETIREES

How many years have you been teaching in Passaic Valley? 42 1/2

What subjects have you taught here? Physical Education; Earth Science; Physical Science; Biology; headed girl basketball; headed baseball; assisted baseball, soccer, and boys basketball

What is your most memorable moment at Passaic Valley, and why? There's not one memorable moment but a collaboration of moments that will be etched in my memory forever. What gave me a great memory for my tenure at PV what not single moment. It gave me great satisfaction to help an underachiever become a better student and to make my students not just to be better students but to be a better person. To respect others as well as themselves and to be responsible to show my students that if you worked hard for something the rewards were great. It gave me great satisfaction when a former student came to me and said thank you for caring; thank you for being fair; thank you for making me work hard; thank you for helping me become a better student and showing me that I could be a better student with desire and hard work.

What are your plans for retirement? Travel, play more golf, spend more time on Cape Cod, MA. Do whatever I never had time to do when I worked and coached. There are also lots of home projects to do.

What is the best piece of advice you can give to current teachers at Passaic Valley? Be firm but fair with your students. Be there to help them and encourage them to never give up. Always make them work hard, it carries over to other classes and in life.

**Mr.
Reaser**

**Mrs.
Spaak**

How many years have you been teaching in Passaic Valley? 22 years

What subjects have you taught here? English I, IV; HSPA; Foods I, II, and III; Culinary Arts; Interior Design/Fashion Design; Co-op Home Economics (school to work); and Sewing I, II, and III

What is your most memorable moment at Passaic Valley, and why? Hard to pinpoint one time. There have been many funny moment in the foods rooms. Such as goof-ups on foods and even fires! Once students tasted beautiful brownies, only to spit them out! They had used salt and no sugar!

What are your plans for retirement? Travel and relaxation, town library work.

What is the best piece of advice you can give to current teachers at Passaic Valley? Enjoy your colleagues! Set best example possible for students. Be strict and fair.

Meaghan Cullen:

Dear Meg, Where has the time gone? Just yesterday you were saying things like "Ginger Intack", and "But I'm beinghaved"! Now it's "Maybe you should be the bigger person" and "But just because someone does something bad to you, doesn't mean it's ok to hurt them back", and, "I'm getting my own apartment as soon as I'm out of college." Amazing isn't it? When we look back and remember all the hopes and dreams we had for you, and we look at the person you've become, we can't help but feel that somewhere along the way, we did something right. You are a truly amazing young woman. With all the difficult decisions and choices kids face today, you've never succumbed to peer pressure, always took your own path (even if it wasn't the "cool" thing to do), and walked to the beat of your own drum. Knowing these things about you gives us assurance that when it's time for you to face life's challenges, you'll do ok. Just know one thing: even if you have to face these challenges on your own, you'll never be truly alone. You have us. You always will. We love you, and are so proud of you. Love Always, Mom and Dad.

Anthony Ficarra:

Anthony, was it that long ago that you were riding your Power Wheels in the yard? It is hard to believe you are now 17 and riding your Camaro through the streets of town. As you graduate, remember the important things in life: family, friends, God. Practice the morals and values that we have taught you: respect, honesty, sincerity. Popularity, fame, and even fortune are not the ideals to strive for. Search for happiness. Follow your heart and your dreams will come. Know that we will always stand by you, no matter what decisions you make in life. Te amo. Mom & Dad.

Kenny- I love you very much and just wanted to say Congratulations to my little brother! I watched you grow up to the great man that you are today and I am so very proud of you! Even though I know sometimes getting advice is not all that it's cracked up to be- if I didn't offer any advice at all, what kind of abla would I be? So here it goes anyway...Always push yourself to be the best in everything you do, and you will succeed. You can do anything, if you put your mind to it. Always reach for the stars, and shoot for your goals. They probably sound like things you've heard before, and that's because they're true! Good Luck in all that your future brings and know that I will always be here for you no matter what!- Love Always, Serpil Abila

My dearest son Daniel, Congratulations on all your accomplishments through grade school. You have completed the first big phase of your education with flying colors and I couldn't be happier for you and I couldn't be prouder of being your mother. There were so many moments through those years where your father and I were bursting with pride. You have always shown maturity and good judgement in your development. And, I am certain that the good judgement that you have shown so far will continue as you embark into the next phase of your education and through your life. You have an innate ability to be good, kind and thoughtful and those qualities will help you to be successful and admired by your peers, your educators, your friends and through your life. There have been so many times when I have been astonished at your wisdom at such a young age. I have in many occasions asked for your opinion and I have ushered to what you said because of your keen sense. You are and always will be my rock. I can only hope that your wisdom can guide you to become more the man I know you want to become

Letters From Home

and that you follow your heart and wisdom at all times through good times and bad times. You also have a drive and perseverance which will help you reach your highest goals and expectations. Please continue to grow as you have done as you approach your higher education and as you become an adult, and never stop until you have reached for the stars, which is what you deserve and I know you can accomplish. I have always said that you are a star and stars shine no matter where they go. You have filled our lives with so much love. Always be happy and follow your heart. May all your dreams come true. We are so proud of you and we love you so very much. Love Mom and Dad

Dear Kelly, You have always been not only a great sister, but a great friend. The times we have had together were priceless to say the least. I am so proud of your accomplishments and you should be too. I know you have had a rough path to the point you are at in your life now, but it has only made you a stronger person. Remember that when you hit a bad stretch in that path, you always have a older brother that will always be there to help you out. It is hard to believe that you are already graduating from

high school, but I know that you are mature enough to face the world ahead. If you learn one thing from this letter, remember to keep your chin up, and you always have a person to turn to. Love always, Your brother and friend, Kyle

Michael La Corte:

We can't believe it's been 4 years in Passaic Valley High School. You have grown so much over the years. We saw you adjust to high school and then excel there. You have made so many strong friendships and have had so much fun. You have also learned so much more than we all thought possible 4 years ago. You will be leaving soon to go on to this new life in college. We look forward to this new life for you, but also feel sad that you will not be living at home. Michael, you have grown into a very responsible young man and we want you to know how proud we are of you. We are so glad we moved to West Paterson in 1999. You entered Memorial School as a 5th grader and fit right into this school and town. You graduated with honors and were the Star of the Music Man, 8th grade play. You made us so proud and your Nana was so happy, you made her cry to see you sing her favorite song. Hopefully, you will continue to perform in your future as you are so good at it. I still cannot believe you could remember all those lines as well as keep your grades and study for confirmation classes all at the same time. You truly are blessed with so many talents. We do expect you will continue to do so well in your college years and your adult life. We look forward to seeing you develop your future in your majors of psychology, English and drama. We know you will be successful as you want to be. Also, let's not forget about your talents in comedy too. You make everyone laugh and have such a gift in this difficult field. You can pick up on people's mannerisms, plus you add the voice of that person so well, that you can truly make a living in this field as well. You are so well rounded and also talented in so many areas that we truly look forward to the next 4 years in college. But before you get there, please enjoy your last year at Passaic Valley High School. This is the best time of your life. I see it in your face everyday you come back from being out with your friends. You deserve this happiness and we only hope you will have that smile on your face everyday of your life. God bless you Michael, as you could not be more loved. Live life to the fullest. Enjoy every minute and make the most of it everyday. You will be rewarded for this and you deserve this! Love Mom, Dad and Matthew

Tanisha S. Markland:

Tanisha baby, from the day you were born I got down on my knees to give God thanks for such a beautiful baby, what a blessing you are. I prayed that the Lord would keep you just as wonderful as the day you were born. He has been faithful. Tanisha, do not forget my teaching, but keep my commands in your heart, for they will prolong your life many years and bring you prosperity. Let love and faithfulness never leave you; bind them around your neck, write them on the tablet of your heart. Then you will win favor in a good name in the sight of God and man. Trust in the Lord with all your heart and learn not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight - Proverbs 3:1-6. Baby, your future lies within His hand; put Him first and He will give you the desire of your heart. May God bless you and keep you forever and ever. With Love always, Your Mom

BEST OF LUCK TO YOU IN THE FUTURE!

JOHN AND GRAVE SOLDOVERI
ROBERT SOLDOVERI
JANE SOLDOVERI HINCKLEY

To our daughter Margo,

On the day you were born in the remote, frozen, coal-mining town in the extreme North of Russia, we were overwhelmed with happiness. We loved you from the moment we saw you. During the past 18 years, you've brought a lot of joy and excitement to our lives. You've become an American citizen, an outstanding scholar, an accomplished gymnast, a strong leader, a good friend, a great person, a beautiful young lady and a loving daughter. But it didn't happen overnight. You've worked very hard every single day of your life, always doing your best, always exceeding our expectations. You've laid a solid foundation for your future success.

Graduating from high school is an important milestone on the road to realizing your dreams, those ambitious dreams of yours. It is a long road, but you are well prepared for the ride, and you are not going to be on this road alone. We will always be there for you to give advice, to provide you with our moral support, to comfort you or to simply lend a sympathetic ear. We hope that on this challenging and exciting journey called life, you will achieve your goals, make new friends and most importantly find happiness.

Stay steady on course, while navigating through storms and clouds, but try to enjoy the view and have fun, when you can.

Ни пуха, ни пера

Your loving, proud parents

Michelle,

Congratulations Honey! You made it, I knew you could! As a young lady, you've had some ups and downs, but you have always pulled through and didn't give up. You are a very bright person with a big heart in that tiny body. To mention also a very beautiful person inside and out. One day you will know how important that is to you and others, but most of all to you! May God guide you in the right path and you will succeed in whatever you do. And remember when something has to be done, don't wait for someone, do it yourself.

Love Always,
Mom, Princess, and Major

Class of 2007

Congratulations Ken!

We are so happy this day is here, as we witness you graduate into the new chapter of your life. It seems like only yesterday when we watched you take your very "first" steps on your own, speak your very "first" word, and even take your very "first" schoolbus ride to school. All those memories, so fresh in our minds, seem like they happened only yesterday even though years separate them. As we watch you take the "next" big step in your life, our hearts will be filled with the same joy that filled them for all those "very firsts" we witnessed so many years ago. We want you to know that you will always have our love and support, and we are just so proud of you now, as we have always been. Growing up you always aspired for the best in whatever you desired, never forget that. You have so much aspirations for the future, never be scared to follow your dreams and always be willing to work hard for them! In life, may you never have to say "I would have, should have, or could of!" May you have no regrets and may all your dreams come true! We Love You and wish you the Very Best Of Luck in all your future endeavors.....Mom and Dad

Our Dearest Michael,

"It's a boy!" It only took those three simple words to change the rest of our lives. You have radiated so much joy into my life that it is quite impossible to express how proud your father and I are of you. I have spent 19 years, watching you grow up into a mature young man. We are extremely proud to call you our son and you couldn't have brought more happiness and pleasure into our family. We want you to know that we are your number one fans. We will continue to cheer you on from the sidelines of life, but most importantly we will always support you in whatever you decide to do. Most recently, I have had the joy of watching you from the stands of the football field. I have enjoyed countless hours of soccer games, watched you with pride when you swung your tennis racket for a game winning point, and have taken delight in every success you have endured. May your future bring you infinite possibilities. You have fought hard and gave it your best, now it's time to follow your dreams and shoot for the stars. We never want you to settle for less, and wish you only happiness, success and most of all good health. We only hope that you dream with your eyes open and achieve all it is that your heart and mind desire.

Dear Michael,

I just wanted to let you know how proud of you I am. Not only are you growing up from my little boy into my fine young man, but more importantly you are becoming more and more a man of God. Remember what the word of the Lord is for you in Job 40:7 "Gird up thy loins now like a man. I will demand of thee and declare thou unto me." The Lord is telling you to prepare yourself now because He's going to ask things of you and you will have to give an account to Him. As you pass this time in your life remember how proud I am of you and how much I love you; and how much you are loved by others who have contributed to your life. You are God's masterpiece. Let no man despise your youth, but be an example of a believer in love, in spirit, in faith and in purity. Be proud of who you are and what you have and will become. I hope you've had the time of your life

With all my love,

Mom
